OUTLINES.

New York is profoundly stirred over the killing of Stanford White, a prominent architect, by Harry Thaw, at Madison Square roof garden theatre Monday night, while White was sitting with Mrs. Thaw in an audience of one thousand people; eminent counsel have been retained for Thaw and they will put in a plea of emotional insanity.——It is announced that the A. C. L. has close traffic relations with the Raleigh and Southport railroad and will give the capital of the State a low rate on freight.——The Senate yesterday discussed the rate bill and adhered to its amendment, sending the bill back for conference.——The Public Buildings bill passed the House yesterday carrying twenty-one million dollars, including ten buildings for North Carolina.——The bill to preserve Niagara Falls was passed yesterday.——The last of the Pulajane leaders arrayed against the government in the Philippines have surrendered.——Two bodies are held by the coroner at Birmingham, Ala., for that of W. J. Marshall, who recently disappeared.——The President yesterday exchanged cordial greetings with the Emperor of Japan over the new American cable.——New York Markets: Money on call easy 2¼ to 3¼ per cent., ruling rate 2 3-4, closing bid 2½, offered at 3; spot cotton steady at 10.80; flour dull, but firm; wheat firm, No. 2 red 94⅝ nominal elevator; corn firm, No. 2 59¾ nominal elevator; oats steady, mixed 42½ to 42¾; turpentine firm 60⅛ to 60¾; rosin firm, strained, common to good, $4.15.

The Georgia papers continue to read like it is not a friendly contest inside the Democratic party for the gubernatorial nomination.

A young man was waiting at the foot of the stairs for his sweetheart, but she fell down stairs and broke his neck. It is hard to tell whether he ought have had better luck or not.

The Atlanta Journal is authority for the statement that " a distillery in Kentucky broke down and emptied 1,300 gallons of whiskey into a stream." The Kentuckian who wasn't taking a bath in that stream at the time ought have had better luck.

It is announced that Count Boni de Castellane is going to try the stage. If he comes this way we don't see what's to keep somebody from laying in a stock of last year's eggs from an abondoned nest in the guano factory.

How would you like to be the ice man? In Toledo, O., on Monday, five prominent ice men, for combining to put up the price of ice in restraint of trade, by preventing competition, were each fined $5,000 and sentenced to the workhouse for one year.

The State of Oklahoma will have 7 electoral votes for the political parties to contend over. It will increase the total electoral vote from 476 to 483. If New Mexico and Arizona vote favorably on the enabling act creating the State of Arizona out of those two territories there will be a few more electoral votes to add to the whole.

The immigration bill passed the House on Monday in more or less loose-jointed way but the Senate will probably have to make it safe. The House let its sympathies get away with its head. Representative Small, of North Carolina, made an earnest and strong plea in behalf of the educational restriction in the bill but that safeguard went down and out, it seems.

In Newbern on Monday night the Hon. Hannis Taylor, of New Orleans, a native of Newbern, and a man of national and international fame as author and diplomat, delivered the address on the occasion of the 100th anniversary of the first brick school building ever erected in North Carolina. In that school building at Newbern many eminent North Carolinians, including Mr. Taylor himself, Badger, Manly and others, received the rudiments of their education.

Harry Thaw, of the millionaire Pittsburg family, has been two kinds of a big fool. He allowed his infatuation for a pretty chorus girl to estrange him from his family, but in spite of threats of disinheritance and the cold shoulder he married the girl. There's where he was a fool in the first instance. On Monday night at a performance at Madison Square Roof Garden, New York, he caught his wife with Stanford White, a prominent club man, and shot him to death while he was seated by her. There's where he played a bigger fool than ever. He may wind up in the electric chair.

JNO. F. TOLER TO SERVE SENTENCE ON ROADS

Prefers Open Air to Close Confinement of County Jail —No Objection Raised When Taken Out to Castle Haynes Yesterday

John F. Toler, in the county jail under sentence of ninety days from Justice Furlong's court, was yesterday afternoon transferred from the prison in the city to the county roads at Castle Haynes. It was expected that Toler and some of his friends would resist his transfer to the roads, but such was not the case, the prisoner remarking that he would "take his medicine like a man." He betrayed some nervousness as he was taken from the jail by Supt. Shearin and placed in the double-seated conveyance for the eight-mile drive to Castle Haynes but otherwise he appeared to stand up under the strain all right. He was handcuffed by one arm to John Cumming, a white man convicted and sentenced to thirty days in the police court the day before. Toler informed Mr. Shearin that he had no idea of trying to escape but did not seriously object to the bracelets. The open air life at Castle Haynes will doubtless be more preferable to the prisoner than the close confinement in the jail and it is thought this was a strong inducement to Toler to make the transfer without objection. He has been confined rather closely in the jail and has had as his only companion the sailor Victor Rube, from the Revenue Cutter Seminole, sentenced in the Federal Court here for insubordination.

ATLANTIC COAST LINE WILL ENTER RALEIGH

Close Traffic Arrangements With Mr. John A. Mills' Southport Railroad—Mr. Perrin and Capt. Kyle Explain Advantages to Business Men

(Special Star Telegram.)

Raleigh, N. C., June 26.—President and General Manager J. A. Mills, of the Raleigh and Southport Railroad, authorizes the announcement that the Atlantic Coast Line will come into Raleigh in competition for the freight and passenger traffic when the Raleigh and Southport road gets into Fayetteville, which will be probably within a week, certainly within two weeks.

President Mills was to-day calling on the merchants of the city introducing J. W. Perrin, General Freight Agent of the Atlantic Coast Line, and Capt. W. E. Kyle, division freight agent of the A. C. L. at Fayetteville. Those gentlemen discussed with the business men the advantages of receiving freight over the Coast Line via the Raleigh and Southport route which includes a very low water rate to Wilmington and special joint rates for Raleigh on the part of the Atlantic Coast Line and Raleigh and Southport Railroad between whom it is conceded that a very close alliance has been formed. In fact, it is understood that the Coast Line will control the road.

LIQUOR LICENSES

Fifty-four Out of Fifty-eight Passed by County Commissioners Yesterday.

CASE OF MR. ROTHSCHILD

Opposition to Renewal Resulted In a Fiasco—Letter From Judge Allen—Chairman Authorized to Grant Those Pending.

A special meeting of the Board of County Commissioners was held yesterday afternoon at the Court House for the purpose of passing upon applications for renewals of liquor licenses for the fiscal year ensuing July 1st., as previously granted by the Board of Aldermen, the law requiring that no license shall be granted by the county until they shall have first been passed upon by the city. All members of the Board were present at the meeting yesterday. The licenses came over with a blanket form of endorsement as having been passed by the city. At the outset the Commissioners decided to have each application endorsed by the City Clerk and Treasurer separately and this formality will be observed by the Clerk upon their reference back to that official.

The applications were taken up separately by the Commissioners and each one examined with special reference to the endorsement by six freeholders as required by law. The names were compared with the county tax books to ascertain if they had property in their own name and all were passed except four. These were referred to the chairman with instructions to grant license when the names of qualified free-holders are signed to the papers. More than two hours was required for this minute examination. The only contest, and that was not a contest so far as the Commissiners were concerned, was in regard to the application of Rothschild & Co. Mr. J. D. Kelley, of this city, had interested himself in the matter and had written a letter to Solicitor C. C. Lyon, of the Seventh Judicial District, to ascertain if Mr. Rothschild had not submitted to a charge of violating the law by shipping liquor into prohibition territory. The reply, stating that Mr. Rothschild had submitted to a technical violation and had been fined $15 and costs, was attached to a letter from Mr. Kelley in which he called attention to certain provisions of the code and asked the Commissioners not to grant the license upon the ground that the applicant had violated the law, the alleged offense having been in Columbus county. There was also attached to the application a letter from Hon. Jno. D. Bellamy and H. L. Lyon, Esq., counsel for Mr. Rothschild, explaining all the circumstances of the case and a statement from Judge Oliver H. Allen, who tried the case, absolving him of any intentional wrong. It seems that the shipment was to a detective in Columbus county, who resorted to a ruse in order to get the shipment made. Under these circumstances the license was granted without question.

There were 58 applications in all yesterday afternoon and 54 of the number were passed. The other four were put in due form and will be passed by the chairman. One or two applications did not come over from the city because all arrearages had not been paid over there. As soon as these come over, they will be passed also.

WILMINGTON BANKS' SPLENDID RESOURCES

Since 1900, Capital Has Increased 58 Per Cent.; Surplus, 282 Per Cent., and Deposits Have More Than Doubled Themselves

Mr. Joseph W. Yates, cashier of the Atlantic National Bank, in this city, has compiled for the Chamber of Commerce, a comparative statement of the banking resources of Wilmington in 1900 and in 1906, the showing for the six years being almost phenomenal and illustrating clearly and conclusively the wonderful strides that the city has made in commercial endeavor for the period named. This statement is with special reference to capital, surplus and profits, and deposits. It will be interesting and gratifying news to many who have not kept close tab on the situation to know that since 1900 the increase in the capital of Wilmington banks has increased 58 per cent.; that the surplus of Wilmington banks has increased 282 per cent., and that the increase in deposits has reached the remarkable figure of 245 per cent. An analysis of the figures shows that Wilmington and her people are indeed prosperous. The bank figures are unmistakable and speak volumes in regard to the conditions which are in every way satisfactory.

The detailed statement is open to everyone. The banking capital of the city in 1900 was $480,000; now it is $755,000. Six years ago the surplus and profits of Wilmington banks were $184,663; now the figures are $702,-236.97. In 1900 the deposits in Wilmington banks amounted to $2,684,000; this year they reach the comfortable sum of $6,517,290.02. Every Wilmingtonian will take just pride in these figures, for they are not only a decided compliment to the seven excellent banks here but also to a thrifty and industrious people who in these times of plenty are putting something to the right side of the ledger.

POLICE EXCURSION

Wilmington "Finest" Will Enjoy Their Annual Outing at Carolina Beach To-day—Some Features.

The Wilmington police will have their annual outing at Carolina Beach to-day and the occasion promises to be fraught with much interest for all who take the trip. More than seven hundred tickets have been sold and the crowd will no doubt be large. Of course, it will be orderly, for who ever heard of anything else on a police excursion? There will be five trips of the steamer and the hour of leaving will be 8:30 and 11 A. M., 2, 5:15 and 7:45 P. M. The fare for the round trip will be only 25 cents.

The event of greatest interest will be the turn at the traps by teams from the Wilmington and Southport Gun Clubs and from the Police Department. The team representing the police will be composed of Mayor Waddell, Officers J. F. Smith, H. W. Howell, M. C. Gray and A. D. Smith. Another feature will be the annual dinner given by Capt. Harper to members of the force and their special guests for the day, all of which will be in the best style and the best that the beach affords.

The merchants have been very generous with their donations and cigars and refreshments will be had for the asking. In other words Wilmington's "finest" will be out for a day's sport and they and their friends will have all the fun that's going. The committee in charge is composed of Messrs. H. W. Howell, E. J. Grimsley, E. Piner, M. C. Gray, C. E. Wood, and B. R. King. They have left nothing neglected and the password to-day will be "Go!" A number of extras have been put on the force for duty while the regulars are off.

Wilmington District Conference.

The Wilmington District Conference will meet this year at Clinton, N. C., on July 5th. Pastors and delegates should leave Wilmington July 4th, on train No. 42 at 6:30 P. M. Those who take this train will go through to Clinton that night, making close connection at Warsaw. This will be a special arrangement for the accommodation of the conference and is good for this day and this train only.

Go to Polvogt's to-day. Their inventory sale opens to-day at 8:30.

HONORS OF MILITARY

Remains of Sergeant Drowned at Fort Caswell Laid to Rest in National Cemetery Here.

With distinguished military honors, the remains of Quartermaster Sergeant Archie Rumell, 102nd. Company, Coast Artillery, who was drowned while in bathing at Fort Caswell Sunday, were buried in the National cemetery in this city yesterday. An effort was made to communicate with the young man's relatives in far-away Oklahoma relative to the disposition of the body but the effort having failed, it was decided to have the interment here. The remains were accompanied to the city by a large detachment of the young man's comrades in command of Lieutenant J. L. Hughes while the Post Artillery Band came to furnish the music for the sad occasion. The casket was draped in National colors and the burial was an impressive one indeed. Here the sad funeral party was joined by a large number of the deceased's comrades in the Improved Order of Red Men and the exercises at the grave were with the honors of that fraternity, the Wilmington tribes having been represented by Messrs. James H. Cowan, W. L. West and W. L. Burkheimer. The services proper were conducted by Rev. W. D. Sasser, of Southport, who accompanied the party up on the steamer.

At the grave a salute to the dead was fired by a squad under command of Sergeant Fred. J. Johnson. A touching selection was sung by Messrs. Will Rehder and R. C. Bancks, of this city. Several very handsome floral designs were laid on the grave by the comrades of the departed young man, who was held in such general high esteem.

The party which accompanied the remains of the young soldier to Wilmington returned on the boat in the afternoon.

The pall-bearers were all of company 102nd and were Sergeants George Meece, George Belk, Ward M. Boyles, Ernest Noel, Lee Kye and David Ketchum.

A young man (resident of Wilmington) who has had experience in the mailing department of a morning newspaper, including use of mailing machine, is wanted immediately at the Star office. References required. **

IN PINK AND WHITE

Miss Eva Caroline Stolter, the Attractive Bride of Mr. Edward Adolph Nelson.

AN AFTERNOON WEDDING.

Popular Young People Plight Their Troth at Hymen's Altar—Bridal Tour to the North—Reception on Monday Evening.

Saint Paul's Evangelical Lutheran church, Sixth and Market streets, never presented a more beautiful scene than on yesterday afternoon at half after five o'clock upon the occasion of the wedding of Miss Eva Caroline Stolter and Mr. Edward Adolph Nelson, two popular young people of Wilmington upon whose happy union a very large number of friends here and elsewhere will extend hearty congratulations.

The church had been beautifully decorated with plants and flowers according to a color scheme of pink and white and it was thronged with admiring friends and relatives of those to the marriage vow. The altar presented an especially attractive setting of palms and bamboo with flowers here and there to lend an enchantment to the scene while many lights gave a rare illumination adding no little to the general effect. Promptly at the hour appointed for the service, a wedding march heralded the approach of the merry wedding party which was composed of Miss Carrie Ortmann, maid of honor; little Miss Elise Bissinger and Master John Hintze, clad in spotless white, ribbon children, and Messrs. Jno. H. Doscher, Carl Miller, Herman Meredith and J. Holmes Davis, groomsmen. The bride was attended by her miad of honor while the groom entered from the side, accompanied by his best man, Mr. Newton E. Gillican. The ensemble at the altar was perfect and according to the beautiful ring service of the Lutheran church, Rev. W. A. Snyder, the pastor, spoke the ceremony which made the happy young couple man and wife.

The bride was beautiful in white silk French batiste, Princess gown, over white taffeta. Her white tulle veil was caught with orange blossoms and she carried a lovely bouquet of bride's roses.

The maid of honor wore a becoming costume of white French lawn and carried a lovely bouquet of pink carnations.

The gentlemen attendants wore the conventional black with boutonnieres of carnations.

The bridal party was delightfully entertained Monday evening at the Stolter home, Eleventh and Market streets, where a large number of very handsome wedding gifts were shown, attesting in no uncertain way the popularity of the young people. Miss Stolter has been a favorite among the young people of her set and the groom is very highly esteemed by all in the circle of his acquaintance in this city, where he was reared. He has a good position in the railway mail service and it will be a source of pleasure to friends of both theb ride and groom to know that they will continue to reside here.

After the ceremony yesterday afternoon, Mr. and Mrs. Nelson, accompanied by friends, repaired to the A. C. L. station whence they took their departure on the northbound train for an extended bridal tour north. They will be away a couple of weeks and will visit several of the leading resorts of National importance.

OPPORTUNITY FOR NEW INDUSTRY.

Great possibilities are anticipated from the removal of the government revenue tax on denatured alcohol—that is alcohol which is made from products which do not produce a drinkable distillation, or alcohol, which though drinkable, is so treated or denaturized as to make it unfit to drink. A great many people would fight shy of alcohol as a beverage, anyhow, but others are not so particular. However, the particular use to which large quantities of potable or drinkable alcohol is put is in decoting or adulterating whiskeys and wines drank by people who do not know that such so-called whiskey, for instance, never saw a still worm, excepting the alcohol portion which is used with other stuff to make some of the liquor put on the market in the United States. This is neither here nor there, though, for our purpose in this instance is to speak of the advantages and benefits to the commercial, agricultural and manufacturing interests from the removal of the big tax of 2.08 cents a gallon.

While the "free alcohol bill" was under discussion in Congress, we heard much of the great things that denatured and untaxed alcohol would do for thec ountry. A great deal of information was produced before the House committee which considered and framed the bill and several elaborate and illuminating speeches were made in Congress pending the passage of the bill. It hung fire for a long time being opposed principally by Senator Aldrich, of Rhode Island and from other sources said to have been inspired by the Standard Oil Company whose products cheap alcohol would mostly affect. The bill finally passed and will go into effect on the 1st day of next January.

The object, of course, in removing the tax on denatured alcohol is to cheapen the product so it can be used in the arts and industries of the country. The bill removes at a swoop $2.08 off each gallon, and places alcohol in reach of the consumer at the cost of distillation plus the profit of the distiller and the seller. The arguments made during the debate on the bill gave various estimates of the cost of making alcohol, but it was the consensus of the argument that it could be made profitably and be sold to the consumer at 15 cents a gallon. Some contention was made that it could be manufactured from some material at a price as low as 8 cents a gallon. Anyhow, a price of 15 cents, 25 cents or even 50 cents a gallon beats $2.50 to $3.00 a gallon, and places denatured alcohol in the reach of everybody who needs it in his business.

The passage of the bill means a great enlargement of the production of alcohol and the building up of practically a new industry in encouraging the establishment of distilleries for its production. It can be made out of all sorts of material—wood, cornstalks, sugar cane, corn, wheat, grains of every description, Irish potatoes, sweet potatoes, and in fact everything from which distillation will produce spirits. As a matter of course, the cheaper the material the cheaper the alcohol, and as to that Germany has pretty well demonstrated the various cheap materials from which alcohol can be produced, as Emperor William's country seems to have the lead in the production and utilization of denatured alcohol. Its uses are without number—from lighting purposes, to propelling automobiles, launches and machinery of all kinds. In the May number of the Financial Magazine (New York) Joseph Dana Miller, in an elaborate article, reminds us that the United States Department of Agriculture some time ago reported that alcohol testing 94 per cent. could be manufactured and sold profitably at 15 cents a gallon. Mr. Miller says in part:

"We know that fuel alcohol is sold in Germany for 15 cents a gallon, and that an alcohol lamp, which costs in Berlin from $1.50 to $2.50, gives a 30-candle power light at a cost of one cent per hour; 100,000,000 gallons of alcohol are consumed in Germany in the arts to 5,000,000 in this country." The reason for this is that 'denaturized" is not taxed in Germany, while in this country, heretofore, it has borne a tax of $2.08 per gallon.

"According to the testimony of David A. Wells, given in 1887, 33 per cent. of the whole product of our distilled spirits was consumed in the arts and industries prior to the imposition of taxes upon the product, and but 10 per cent. after the tax was imposed. The removal of the tax on alcohol used in the arts and industries would furnish employment for thousands of workingmen and millions of capital. The farmer would benefit enormously, since cheap alcohol would result in increasing the demand for the raw materials out of which alcohol is produced—for example, damaged corn, otherwise unmarketable—and at the same time supply him with cheaper power for his threshing and dairy machines. When any of the farmers' products fell below the normal price—as in some years when it is cheaper to burn corn than coal for fuel—such products could be converted into alcohol; thus supplying the farmer with revenue from a source always remaining open. Two hundred million additional gallons of alcohol—which is not an extravagant estimate of the increase of consumption that the removal of the tax would cause—would create a demand for 60,000,000 bushels of corn or other farm products."

The removal of the tax on alcohol that has been denaturized or made unfit to be used as a drink is bound to build up a great industry in the United States and the South may as well get in the push and add this branch of manufacturing to its list. We know of no other section of the country so rich in material and opportunities for engaging in the industry, and we may as well suggest that some of our enterprising Wilmington men might go to figuring on big enterprise for producing denatured alcohol. It is said that there is millions in it, but the Secretary of Agriculture can tell you more about that than we can. We might say also that one of the most informing and valuable articles on the subject can be found in the Manufacturers' Record of June 7th. That article shows us the possibilities open to the Southern cotton seed oil mills to en-

Removal of the tax from denatured alcohol. We quote in part:

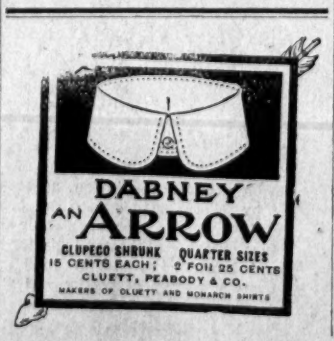
Removal o fthe tax from dematured, that is, non-potable alcohol, full of beneficial potentialities for farmers and manufacturers, the great producing classes of the country, contains, it seems, an economic possibility appealing directly and strongly to the South. One of the embarrassments of the cotton seed oil industry, with its 800 establishments, its 20,000 employes and its $100,000,000 capital, is the fact that the cotton seed crushing season lasts but a portion of the year, and ordinarily much valuable machinery must lie idle and deteriorate some times for six or even seven months, while the available labor must necessarily shift to other lines and thus become more or less demoralized and undependable. Such a situation implies a definite amount of waste in labor energy and a positive loss upon the investment in the plants. Solution of the difficulty upon an apparently practical and feasible basis has been made through the Board of Trade of Little Rock, Ark., by Mr. J. A. Spurlin, its official chemist. In a circular letter to the cotton oil men Mr. Spurlin finds in tax free denatured alcohol a means not only of utilizing the equipment of cotton seed oil plants during the whole year, the manufacture of alcohol succeeding the crushing of the seed, but also of making the industry a dominant factor in the packing trade. He says:

"It is a fact that twice the quantity of alcohol can be secured from an acre of potatoes as can be obtained from an acre of corn. And here lies the crux of the situation. The residue can be fed equally as well to hogs. You have twice as much of it to the acre, and while the residue is not suitable for cattle feed, you may have here the solution to the mixing of cotton seed meal as a food for hogs. Of course, this will have to be tried. I will state that it is possible to produce 285 gallons of the alcohol from an acre of potatoes. You will not have to erect a new plant, as the mill you have is sufficient for all power purposes. In addition to all else, this State is a great potato-producing country, and by fostering this enterprise you will also help build up the fertilizer business. Cotton seed meal is the best potato fertilizer on the market."

The Manufacturers' Record article also gives at length valuable information furnished by Secretary of Agriculture James Wilson on the subject. However, that portion of the article copied from the Manufacturers' Record shows what a cinch we have in the South for our oil mills to go into the manufacture of alcohol. Recently the cotton oil men of South Carolina, in their annual meeting at Columbia, had up the subject, and the Charleston News and Courier contained some excellent and encouraging articles on the subject. Mr. C. Fitzsimons, general manager of a cotton oil mill at Columbia, writing to the News and Courier in appreciation of its articles, says:

"The tax is now removed, and I have taken the liberty to go further in the subject with you, because of the interesting report in your paper of yesterday by the government officials in regard to draining our coast lands. I happen to know that gasoline engines are being used extensively throughout the Middle West and in the Southwest for threshing wheat and oats in the West and rice in Louisiana and Mississippi. As stated, the "denaturized" alcohol is sold in Germany for 15 cents per gallon retail; it is sold at from 12 to 15 cents in Cuba, and it takes the place of gasoline for such commercial purposes as automobiles, farm pumping machines, threshing machines, ginneries, etc. With the manufacture of "denaturized" alcohol in this country the cost of draining our rice lands along our rivers by pumping plants would not only be practicable, but we would not be burdened with the question of handling coal and wood, which would absorb a great deal of labor, which we need for other purposes on the plantations."

The subject is a tremendous one and it is hard to treat it in ordinary newspaper space but we have given enough of it to set Wilmington business men to investigating the subject with a view to establishing an alcohol industry in Wilmington. Strike while the iron's hot.



LIVING MONUMENT TO KEELEY CURE

Greensboro nstitute Praised for Redeeming Victim in Liquor for Five Years—Never Drinks Now.

The Keeley Institute, Greensboro, N. C.

I think the Keeley Intitute, especially the one at Greensboro, managed as it is, by such humane men as are in charge, is one of the grandest blessings vouchsafed to poor, drinking men by an Allwise Providence. I went there in 1900, in an awful condition from the use of whiskey; had been under its powerful influence for five long years; hardly knew what it was to be sober for three years of that time; but thanks to the most high God, and the Keeley, I am today a sober, hardworking man. I had almost lost my self-respect, the respect of my dear wife and children, and almost crazed my sainted mother and father. But I am today a living monument to the great and glorious Keeley Institute of Greensboro, N. C., and its efficient corps of officers and attendants. I do not know how to praise the Keeley enough, words failing to express my thoughts. I left there on the 12th day of June, 1900, and have been at work since that time to try and pay my debts contracted when under the influence of the deadly stuff; and I am about to succeed, not having drunk a drop of whiskey, wine or cider since I left there. God being my helper I never intend to again. Everyone knows what temptations are thrown in the way of a travelling man, but I am cured of the disease and give the Keeley Institute at Greensboro and its gentlemanly, humane managers all the credit for it. L. L. BENNETT.

CURRENT COMMENT.

—When that North Carolina negro fugitive put chemicals on his feet such deception was enough to make the bloodhounds' blood boil.—Baltimore Sun.

—On the question of wood sawing as an exercise, Grover Cleveland could con ribute some ponderous sentences just about this time.—Washington Post.

—The group of Bostonians that attend to everybody else's business is now urging the President to send a fleet against the Sultan of Turkey.—Baltimore Sun.

—Mr. Edison's prediction that the horse is soon to be a thing of the past reminds us that with the devel opments of wings by men and women, the disuse of legs will cause them to shrink, and in a few generations everybody will be sitting around in trees with legs just as little as "the jay bird on the hickory limb."—Charleston News and Courier.

—What is the use of claiming that Theodore Roosevelt favors tariff revision? Everybody favors it some time. Even Shaw of Iowa says he would change it if he could. The question is who favors it now, and on this question Roosevelt and Shaw are in absolute harmony. Shaw speaks out and Roosevelt keeps mum, but they are in complete agreement and there is no use in pretending that they are not.—Hartford Times (Dem.).

—Certain 'negligible entities" among the State campaigners strain their imaginations overmuch when they say that the News and Courier is casting reflections upon them. The race this time "is to the strong alone." Gentlemen who fancy that they may draw attention to themselves by using the News and Courier as the footlights for their pirouettings are entirely welcome to do so. Meanwhile the corruption the proved corruption, in the dispensary is the issue, and the people of South Carolina cannot fail to observe that the candidates to whom the News and Courier is a monster of wickedness are those who, while they do not stand for Graft, are careful not to smite Graft under the fifth rib.—Charleston News and Courier.

—There is every reason why a woman should feel as vitally concerned as a man in meat inspection and tariff revision, in big armaments and arbitration, in rapid transit improvements, public parks and play grounds, in clean streets and an honest police administration. These questions are the very essence of politics. In every great moral crisis woman's influnce is a potent factor for good. If the best and most competent women seek seclusion through scruples or prejudice it merely means, as with man, that less worthy ones will exert more than their due share of influence. Politics as a profession, as a means of livelihood, often brings out the worst qualities in men. So it must in women. But in neither case is that a good reason why politics should be forsworn as degrading and left to the less sensitive class of self seekers who bring it into disrepute.—New York World.

SUMMER ATTRACTIONS IN SEASONABLE GOODS AT GAYLORD'S

Ladies' long elbow gloves in silk at $1.25 a pair.

A nice line of Summer neckwear for ladies at 5c., 10c and 25c.

Lace cuffs to extend to the elbow, a new novelty at 75c and $1.00.

An up-to-date line of new belts for ladies at 10c., 15c and up to 50c each.

40-inch wide fine India Linons at the remarkable low prices of 10c and 12 1-2c a yard.

27-inch Jap Silk in all colors at 25c a yard.

In Black Taffeta we have secured the agency of "The Blue Ribbon Brand." These goods are advertised throughout the United States at $1.50 a yard.

We want to sell large quatities of these silks and we are offering it at the low price of $1.00 a yard to get it thoroughly advertised in this community. This silk is not only warranted like the most of silk that is seen, but the manufacturers go further and warrants the silk not to split from reasonable wear provided you will not put a hot iron on it and if there should be any fault with the goods, they will not only receive the goods back but will pay for making the dress as well. This is the best silk that is ever sold in Wilmington for the price. It comes only in black with a small blue ribbon selvage. It will afford us pleasure to show it whether you buy or not.

We have placed on sale this week about 500 yards of Summer lawns in pretty patterns for just half price, 5c a yard.

We have several patterns in high grade dress goods, goods for whole suits and especially good for white skirts. Was sold at the lowest price of 25c and now we are offering it for 15c a yard.

MILLINERY—We are offering a specially nice line of white sailors for 50c., 75c and 98c each.

RIBBONS—We have received this week about 1,000 rols of new ribbon. We have a full assortment of colors in little dainty ribbon No. 2 for trimming, at 4c a yard; also No. 5 at 4c yard; Nos. 7 and 9 at 5c a yard; Nos. 16, 20 and 40 at 10c yard; No. 60, 15c a yard; No. 80 at 18c a yard; No. 100 at 20c a yard; No. 120 at 25c yard; No. 200 in the very best and heaviest quality of Taffeta Ribbon, in all colors including white, we are selling at 30c and 35c a yard.

We have also a full line of colors in Nos. 7 and 9 for shoe string Ribbon at 12 1-2 and 15c a yard, the very best quality made.

LADIES DRESSING SAQUES AND KIMONAS—We have quite a nice selection of styles in all prices from 50c to $2.19 each.

UNDERWEAR FOR LADIES—We have also added to this department a nice new assortment of pretty goods. Skirts, Night Robes and Corset Covers. We carry a big stock of these goods at all times.

Remember we control the agency for the Royal Muslin Underwear in this city and there is no underwear sold that is equal to it in value.

Our Corset Covers at 25c are very pretty; every seam is felled and every garment made prefectly. The make and fit is equal to the $1.00 garment so the cheap is as good as the dear and the dear as good as the cheap, the only difference being in quality of material.

See our line if you need underwear.

KNIT UNDERWEAR DEPARTMENT—We are showing a beautiful silk finish lisle vest for ladies that are 50c values. We bought a large quantity that we are now offering at 25c each.

The little gause vest with short sleeves at the special price of 12 1-2c each.

Little children's gause vests with long sleeves and high necks, for 15c 20c and 25c each.

Ladies' gause vests with tape neck at 5c each; better quality of tape neck and sleeves for 8c and 10c each.

SPIRITS TURPENTINE

—During a storm in Wilson Sunday afternoon, fire broke out in the jewelry store of Privett & Co., and did damage to the amount of $1,000.

—B. F. Weant, of Franklin, Rowan county, was dangerously bitten Sunday night by a rabid cat. He has applied a mad-stone at Lexington, and will also take Pasteur treatment.

—Harvey Sides, the 16-year-old son of Mr. Paul Sides was drowned at Garmon's Pond, four miles west of Concord on Coddle Creek, about noon Sunday. The boy, with several companions from Concord, was bathing in the pond. The pond is deep, in some places as much as twenty feet.

—At a meeting of the Ministerial Association at Winston-Salem on Monday it was announced that Governor R. B. Glenn had accepted the Association's invitation to address a union meeting in the twin city on Sunday evening, July 8th. His subject will be "Temperance, Law and Order."

—Jim Caruthers, a well known young man, who was sent to the Rowan county roads for two years at the recent term of Superior Court, for a murderous assault upon Walter Crump, a foreman at a cotton mill in Salisbury, escaped from the chain gang Monday afternoon. Caruthers was heavily shackled, but freed himself and fled with great speed, evading bloodhounds placed upon his trail.

—The passenger train leaving Fayetteville at 4:00 o'clock Monday morning on the A. C. L. was wrecked at Bennettsville. The disaster was caused by the baggage car and tender jumping the track and afterwards turning over, the engine and coaches remaining on the track. The baggage car was demolished. No one was killed or hurt.

—The Democratic county convention of Dare county, on Monday at Manteo, endorsed Senator Simmons course and instructed for Hon. Franklin McNeill for Corporation Commissioner, Hon. Geo. W. Ward for judge, and Hon. John H. Small for Congress. The Hertford county convention, also on Monday, endorsed the same candidates and also commended Gov. Glenn's administration.

—The Cabarrus county Republican convention met at Concord on Monday. It did not take long to bring out the fight for State Chairman. G. L. Patterson, Meades and Newell led the fight for the Blackburn interest, and when the vote was taken on instructions the convention instructed for Blackburn for Congress, Blackburn for State chairman and Jake F. Newell for Solicitor.

—Washington correspondence Raleigh News and Observer: The manufacturers and producers of lumber gained their point to be exempted from the provision of the rate bill, which prevents common carriers from transporting any commodity produced by them. It will be recalled that a number of interests in North Carolina engaged in both the railroad as well as the lumber producing business sought to have this exception inserted in the bill. The words, "except timber and manufactured products there of," remain in the bill. Railroads however, are divorced from all other business pursuits.

Charlotte Special. June 25: The 100 or more charter members of the Order of Eagles to have been instituted to night at Charlotte, received a shock in the form of a restraining order from the State Insurance Commissioner. Mr. C. C. Boston, of Greenville, who was here to see the thing done right, was placed in a quandary. The trouble grows out of the fact that the organizers had unthoughtedly failed to comply with the State insurance ordinance on the subject. and when Commissioner Young heard of the plans of the Charlotte conference he at once sent a communication stopping organization until they had complied wit hthe State laws.

At Fayetteville on Monday L. J. Phelps, of New York, attorney for the Empire Trust Company of that city, filed for registration at the court house of Cumberland county for an amount not to exceed one million dollars, a mortgage on the property described in the instrument on the Cumberland and Randolph Railway, E. W. Shedd, president; T. J. Edwards, secretary. The railroad has bought from the estate of the late W. C. Petty the ninety-nine year lease which Mr. Petty obtained from the Seaboard Air Line Railroad of the Cameron and Carthage Railroad running from Cameron through Carthage to Halliston, where the Gulf and Glendon Railroad crosses. The company designs to build southeast to Fayetteville, and northwest from Halliston.

—What is left of the Republican party of Richmond county met in Rockingham on Saturday. Sixteen of the old-liners were out. The main squabble of the convention was over the endorsement of Adams, who is endeavoring to swing to the chairmanship job. The Adams forces were championed by "Speaker Henry" Covington, a revenue officer. He is one of the old "whoopers-up" of the negroes in the days of the past. During his speech, while he was "cussing out" Spencer Blackburn, he was interrupted by ex-Sheriff John M. Smith, who said that he would not remain in the convention and hear the one Republican who could command office by the votes of the people abused. Sheriff Smith left the convention in disgust. The resolution endorsing Adams was carried after much wrangling and considerable objection. Former United States Marshal H. C. Dockery made a bitter speech in which he scored Marion Butler, denouncing him as a traitor, and compared him to Judas Iscariot.

Greensboro Special, June 25: Mr. E. J. Justice, attorney for the Electric Company, proposing to build a car line from High Point to Greensboro, says the company has selected a route south of the Southern Railway and will come into the city down Walker avenue, crossing the railroad from West Lee street. The company is ready and anxious to begin work and the money is in hand, but delay is being caused by the authorities of High Point, failing to act on the application for a franchise through High Point. A franchise had already been granted by the city of Greensboro and the county commissioners.

Greensboro Special, June 25: Late Saturday afternoon a deed of trust of $1,000,000 was filed here in the office of the register of deeds. It is to secure a first mortgage loan made by the Empire Trust Company, of New York, to the Randolph and Cumberland Railroad Company. The railroad company is a new corporation that recently acquired the road from Cameron to Carthage and from Carthage to Halliston. The railroad is evidently heading from some point in Guilford county, but its promoters are saying nothing and sawing wood.

—Mr. T. J. Pence on Monday telegraphs from Washington to the Raleigh News and Observer: There is much interest here in the struggle between the Blackburn and Butler factions for control of the Republican State organization, and the result of the county conventions are being closely watched. Today several bets were recorded by Carolinians on the outcome of the contest and wagers on Adams' reelection as chairman were quickly taken by Blackburnites. Representative Blackburn declared tonight that a big majority of the delegates elected so far are opposed to the organization, and he predicts a victory in the convention by a big vote. Organization Republicans say that Black burn will not get a vote in the East, and that he has not a chance to win. Tomorrow Blackburn will leave for Blowing Rock with his family. He expects to return to Washington for a brief stay.

—Newbern spcial, Jun 25: A burglar attempted a daring robbery at 3 o'clock this morning at the office of the Pamlico and Western Railroad Company. A young boy, seventeen years of age, yet in knee pants, who works for the company and sleeps in the building, heard a window smashed. He got up and seizing his pistol, went into the main office. Here he discovered a man rummaging in the desk of the agent, Sam Moore. The young hero, John B. Holland, opened fire on the burglar as the latter made for the open window. Three shots were found in the frame around the window; the fourth is supposed to have struck the man as he was going out. The last shot was fired at him on the platform. Holland says the man screamed when leaving the building. He thinks he struck the robber who is a white man. The young boy deserves much credit for his bravery.

Greensboro Special, June 25: Employees of the railroad company have got busy since Turner Welker, the switchman, convicted and sentenced for manslaughter last week in the Superior Court, for criminal negligence in leaving a switch open, by reason of which a passenger train plunged into a siding on which was another train here last February, and killed five men. No one seemed to take any interest in Welker's case before the trial. his counsel, Judge Adams, retiring from his defense the day before it came off. Welker had no money, and no friends, but a kindhearted lawyer, Mr. G. S. Bradshaw, undertook his defense, with only a day's investigation, and preparation of the case. Since Welker's conviction and sentence to the penitentiary for two years and the serious innovation of indicting and convicting railroad employees for proved carelessness and negligence of duty, has been pronounced by the court as a correct exposition of the law, and a stiutary bringing into play of an established principle, these employees are raising a fund of $500 to have the doctrine thoroughly tested in the Superior Court, and will see that the appeal is carried to the highest courts possible. They say they have no special sympathe for Welker, who was never fit to occupy such a responsible position, but they do not propose to be idle and have such a precedent established or such a principle stand as law, if there is any possible way to overthrow it.

AS TO BLUITT FALLS.

Spur Tracks Being Built to Works—The Big Dam.

The following, clipped from the Rockingham Anglo-Saxon, will interest cotton mill men and other manufacturers:

"The Seaboard Air Line is to build a short spur of railroad from Pee Dee station, about six miles west of Rockingham, to Bluitt Falls. Work is to commence right away. The spur will be about two or three miles long. As soon as this is laid to the falls work on the dam will commence. Mr. Bonsall, the contractor, and a party of Boston gentlemen, arrived here last Friday night and went to the falls Saturday. We understand that work will commence immediately erecting houses for the workmen to live in. Let the work of improvement go on. Soon we editors and the poorer people will be riding around here on trolley cars.

Wilmington Public Building.

The following is from the Washington correspondence of yesterday's Charlotte Observer: "North Carolina was fortunate in having a member on the public buildings committee. Representative Thomas, who is one of the hardest workers in Congress, has looked after the propositions from the start with much zeal and earnestness. Two years hence he will urge appropriations for the enlargement of the Raleigh and Wilmington public buildings. Lexington's claims are also at the head of the list. Mount Airy, Burlington and Wilkesboro, the other towns asking for public buildings, will have to do some more growing before Congress lends an ear to their petitions."

Pritchard Memorial Excursion.

The fourth annual excursion of the Pritchard Memorial Baptist Sunday School to Wilmington will reach the city over the Seaboard Air Line this afternoon about 2 o'clock and will remain until to-morrow evening at 7 o'clock. This is expected to be the largest of the number of excursions booked for July and August, a list of which was recently published. The Charlotte excursionists will first go through to Wrightsville Beach, but will return to the city for a trip down the Cape Fear to-morrow. Chief W. S. Orr, of Charlotte, will accompany the excursion to Wilmington to see that the best of order prevails.

Hon. Chas. M. Stedman.

It will be of interest to his "troops of friends" in this section of the State to learn that Hon. Chas. M. Stedman left Greensboro yesterday for New York, whence he sails for Liverpool on the steamship Etruria next Saturday. He will be absent about six weeks on important professional business, being counsel in a case involving very large pecuniary interests. It is very gratifying to his friends and admirers that he has been retained in a case of such magnitude and has been entrusted with such an important mission. The Morning Star wishes him a pleasant voyage out and a safe return.

Making Ready for Library.

Elsewhere in to-day's paper will be found an advertisement from the Library Committee calling for sealed proposals for fitting up the second floor of the City Hall building for the public library to be established there under the auspices of Sorosis. The bids will be received until noon, July 6th., and the work will be completed as soon after that date as possible. Plans and specifications for the work may be seen at the office of H. E. Bonitz, architect, in the I. O. O. F., building.

Lumina Bowling Contest.

The scores in the Lumina bowling contest up to last midnight were as follows: J. McRee Hatch, 165; L. M. Austin, 146; L. Hines, 135; F. W. Banks, 137, and D. O. Brinkley, 128.

LOCAL DOTS.

—John McEntee has been granted a permit to build a six-room dwelling to cost $500, at Third and Queen streets.

—Services First Church of Christ, Scientist, this evening at 8:15 o'clock; Odd Fellows' building, second floor. All are invited.

—Fayetteville Observer: "At a meeting of the directors of the Bank of Fayetteville, held yesterday, a dividend of 4 per cent. was declared on the capital stock, payable July 1st."

—By deed filed for record yesterday Samuel S. Drew and wife transferred to B. H. Marshall, for $1,555, property at northeast corner of Eighth and Ann streets, 41¼x110 feet in size.

—A. L. Quickel, Esq., one of the leading attorneys of the Lincolnton bar, is here to attend the State Bar Association meeting on Wrightsville Beach. He is a guest at the home of his sister, Mrs. Carl B. Rehler.

—Mrs. Carl B. Rehder returned yesterday from a visit to her old home at Lincolnton, N. C. She was accompanied by her mother, Mrs. Quickel who will spend a part of the Summer as her guest.

—License was issued yesterday for the marriage of Louie A. Galloway, a son of Mr. and Mrs. W. W. Galloway, and Miss Ona K. Hobbs, daughter of Mr. and Mrs. R. R. Hobbs, all of this city.

—An excursion of something over 400 people arrived yesterday over the Atlantic Coast Line and returned last night. It was from Mount Olive and intermediate points. Most of the visitors spent the day at the beach.

—The approaching marriage of Mr. E. Wheeler Stone, of McDonald, N. C., and Miss Hattie Farrow, a daughter of Mrs. Augusta Farrow, of this city, is announced. The ceremony will be performed this evening at the home of the bride's mother.

—Architect H. E. Bonitz returned yesterday from Mullins, S. C., where he had his plans accepted for a $12,000 Baptist church to be erected in that town. It will be of brick, Indiana limestone trimming, of classic design. The pastor is Rev. W. H. R. Cahill.

—Willie Lord, colored, charged with slapping his mother-in-law on the excursion to Carolina Beach Monday, was fined $5 and costs in Justice Bornemann's court yesterday. Bertha Larkins, colored, for an assault on another colored girl, was also fined $5 and costs.

—A contribution to the agricultural department of The Morning Star yesterday was a mammoth fig grown on the farm of Mr. John D. Woody, of Greenville Sound. John claims that the tree that produced it is a lineal descendant of the tree that figured so prominently in the Garden of Eden.

—Fayetteville Observer: "Mr. J. Sprunt Newton, of Duplin county, will make his home in Fayetteville, engaging in the profession of the law, and has purchased the law books, office fixtures, etc., of the late D. T. Oates. He is a graduate of the class of 1905 at the University, and received his license to practice in 1906."

—Mr. J. Edgar Lewis, for the past several years foreman of the Evening Dispatch, has resigned his position to engage in other work during the Summer. Mr. Lewis is an able exponent of the "art preservative of arts," and his position on our afternoon contemporary will be hard to fill with the same degree of efficiency which he has given to the place.

Reception to Hon. Hannis Taylor.

The informal reception which was to have been given at the home of Mr. J. C. Stevenson in honor of Hon. Hannis Taylor, of Washington, D. C. who is to deliver the annual address to the State Bar Association at Wrightsville Beach, has been postponed until to-night. Mr. Taylor will not arrive in the city until to-day.

Awnings for the Hospital.

Those in charge of the James Walker Memorial Hospital are very grateful to the Ministering Circle of the King's Daughters for a number of handsome awnings for the windows of the building. The awnings are a great help to those charged with the duty of looking to the comfort and care of the patients in the institution.

Vaudeville on the Beach.

Considering the many untoward circumstances under which the management has labored, the vaudeville offering at the Casino, on Wrightsville Beach, is doing very well. The company was enlarged and in very much better shape last night and a reasonably large house seemed to be very well pleased with the attraction.

Where are you going this Summer? If you have not decided, investigate Piedmont Springs, N. C. Tousands of Southern people have visited this famous resort within the last century. POLICE COURT YESTERDAY.

Case Against Mattie Allen Dismissed. Other Trifling Matters.

There were an even dozen cases in the police court yesterday. The charge of keeping a house of ill fame against Mattie Allen was dismissed. The young woman, Dovie Everett, who was before the court the day before and testified as to the character of the house kept by the Allen woman, had given $50 cash bond for her appearance to answer a charge of being drunk and disorderly herself, but when she was called yesterday in the case against the Allen woman, it was found that she had forfeited the bond and skipped. The Allen woman was represented by Marsden Bellamy, Esq. Fannie DeCosta, arrested in the same connection, was fined $10 and costs.

The other cases yesterday were mainly of no interest. Frank Onslow made bis periodical bow for being drunk and was given 30 days on the rock pile. James Davis, colored, arrested at Front and Princess, by Officer Jesse Brown, charged with carrying a concealed weapon, was bound to the higher court. A small boy saw the negro shift a pistol from his hip to his coat pocket and the officer was "put next" with the result as indicated above.

—Rev. C. W. Kegley, the talented young pastor of St. Mathew's English Lutheran church in this city, and Mrs. Kegley have returned from a delightful vacation of some weeks, which was spent in Newbern, N. C., in Pennsylvania and at several resorts of prominence in the North. Rev. Mr. Kegley will occupy his pulpit at St. Matthew's as usual on Sunday.

TO PRESERVE NIAGARA FALLS

House Passed Bill to Prevent Utter Destruction of Great American Wonder.

MANY BILLS PUT THROUGH

Appropriation of $21,000,000 for Public Buildings Made With Humorous Remarks—Senator La Follette's Bill.

Washington, June 26.—Business was written all over the doings of the House to-day, forcing the conclusion that the leaders see early adjournment in prospect. The early morning hour was given over to the passage of Senate bills by unanimous consent and the agreement to conference reports, the Military Academy Appropriation bill and the bill for the protection of Niagara Falls being among the measures which received their finishing touches.

The Omnibus Public Building bill, carrying in round numbers $21,000,000, satirically known as the "pork bill," was considered and passed in one hour.

The general deficiency bill was then taken up and progress made after the general debate ceased. It was under consideration until 6 o'clock, when the House took a recess until 8 P. M., the night session being held for general debate on the bill to amend the administration of the custom laws.

This is another way of saying that political speeches would again be in order to-night. Mr. Boutell, of Illinois, replied to the tariff speeches of Mr. Williams, of Mississippi, and Mr. Rainey, of Illinois, Mr. Spigh, of Mississippi, addressed the House on the "Merchant Marine."

The House passed the Senate bill which repeals the so-called 28-hour law by fixing the maximum of time in transit for stock at 36 hours upon the written request of the owner or person in charge of the particular shipment.

The House acceded to the request of the Senate for another conference on the railroad rate bill immediately upon the receipt of the Senate request to-day. The same conferees were appointed, Messrs. Hpburn, Sherman and Richardson.

The Senate.

Washington, June 26.—After two or three more speeches on the conference report on the railroad rate bill, the Senate to-day sent the bill back to conference, again designating Senators Tillman, Elkins and Cullom as conferees. During the day the naval appropriation bill, which has been in conference for several weeks, was finally passed, the Senate receding from its amendment concerning the naval training station at Port Royal S. C., which was the only item remaining in controversy.

The most interesting incident of the day was a conflict over a motion by Senator LaFollette to enter upon the consideration of the bill limiting to 13 hours the time railroad employes engaged in the movement of trains may be employed consecutively. There was great difficulty in securing a voting qourum, but the requisite number was ultimately obtained. Several speeches were made on the bill.

STANDARD OIL COMPANY BLOCKING RATE BILL

Concluded From Page Eight.

theory that the proposed legislation would injure the independent companies, nor did he believe that the protests were uninfluenced by the Standard Company. He read a letter from George F. Getty, of Bartlesville. I. T., president of the Minnehoma Oil Company, in which the writer said that he had been called into the local office of the Standard Company and asked to forward telegrams of protest to Senators ande Congressmen, the Standard agent supplying the form and volunteering to pay the cost of transmission.

The Senate decided by an almost unanimous vote not to accept the conference report and to insist further upon its amendments. Senators Tillman, Elkins and Cullom were re-appointed conferees.

"I know of no reason why Thaw should be treated any differently than an ordinary accused murderer. He will have to wait his turn, to be tried, in all probability. However, Mr. Jerome will be back in town on Monday next and will decide that."

HARRY THAW ADMITS DEED

Concluded From Page Eight.

Asked concerning the probable date of the trial, Assistant District Attorney Nott said:

Up to tonight the District Attorney's office has received no communication from members of Mr. White's family. her Summer home at St. James, Long Mrs. White came in this morning from Island, accompanied by her sister Mrs. Prescott H. Butler, and went to the town house in Mercy Park where she is now with her son Lawrence, who came down from Harvard yesterday and parted with his father only an hour or so before the tragedy. Mrs. White was reported to be completely prostrated by shock and grief.

Mr. White's body was removed to the house this afternoon. The autopsy held today showed that three bullets had taken effect, one in the corner of the left eye, which penetrated the brain and was instantly fatal; one in the upper lip, knocking out several teeth and one striking the left shoulder and lodging in the elbow. The funeral service will be on Thursday at St. Bartholomews church, Coadjuctor Bishop Greer officiating.

Where are you going to spend your vacation? The Mecklenburg is the place for you. Why?

BECAUSE:

Its waters used conjointly, have given wonderful results in eczema, all blood, nervous, kidney digestive disorders, rheumatism and catarrh.

Its splendidly equipped Sanitarium, operated in connection with Hotel. (No consumptive or contagious cases taken.

Its Hydriatic Department, embracing the celebrated Baruch System of baths, exhilarating and beneficial.

Its large airy rooms, broad halls and corridors, perfect ventilation and its picturesque location.

Its beautiful winding walks and driveways, through romantic woodland.

Its well equipped livery, comprising the best ladies' and gentlemen's saddlers and roadsters, and ponies for the children.

Its varied amusements, consisting in part, of splendid Orchestra, Dancing, Bowling, Tennis, Golf, Billiards, Pool, Trap-Shooting, etc.

Its Social Features are characteristic of the highest class of patronage, which is drawn from the most prominent, and aristocratic people throughout the country, yet the freedom from formality makes it a kin to one big family. It is the Southern Society's Mecca."

Its Cuisine and service is strictly first-class.

The Season of 1906 promises to surpass all previous records, both in number and personnel of its guests.

Large bookings have already been made of prominent people who will take up their Summer Residence at The Mecklenburg.

Is is the most accessible All-year-round high class Health and Pleasure Resort in the South.

GOOD IMMIGRANTS FOR THE SOUTH

North Carolina Has Only Efficient Board of Immigration—What U. S. Commissioner of Immigration Says.

(Charleston News and Courier.)

Washington, June 23.—"There is no reason why the South should not obtain a desirable class of immigrants from foreign countries," said Commissioner of Immigration Sargent to-day, "but to bring this about it will be necessary for the State Legislatures to take suitable action providing for State Boards of Immigration. My information is that only one of the Southern States—North Carolina—has such a board and its example could be followed profitably by other Southern States desirous of improving labor conditions within their boundaries. So far as I am concerned I will cheerfully co-operate with any movement in this direction either by suggestions or active participation before State Legislatures, if my services are desired.

"One of the most important points to be regarded relates to the question of direct communication between foreign ports and those located on the seaboard and other accessible localities in the South. In the course of an address which I delivered recently before the Textile Association in Georgia, I laid great stress upon the necessity for having agents of the various States located at foreign ports for the purpose of placing before intending immigrants the benefits they would derive by settling in Southern States. It is almost an impossibility to divert immigrants from Northern to Southern ports because in a majority of cases they have made up their minds before leaving the old country to settle at points upon which they have received information. Any attempt to change their determination upon reaching this country is looked upon with suspicion particularly by those who have friends and relatives with whom they desire to be in contact. There is a slight increase, according to the latest returns in the number of immigrants who are coming into the ports of Charleston, Galveston, New Orleans and Savannah, and there can be a much larger increase if the course I have indicated, that of direct communication, is vigorously pressed.

"People on the other side of the Atlantic only know what they are told about the United States, and they rely upon the officials of railroads and steamship lines to give them desired information as to their destination and probably future home. Legislatures of the Southern States can render incalculable benefit upon their respective Commonwealths by taking this matter up in earnest and conferring powers upon State Boards of Immigration, whereby the tide of immigration may be diverted into a section where labor conditions are such that a desirable class of immigrants should be attracted.

"I will be in readiness at any and all times to assist in such a movement, and any information that can be furnished or secured by the bureau of immigration will be cheerfully and promptly placed at the disposal of localities and persons interested."

HE IS ACCUSER OF HIS PEOPLE

United States Stands Indicted Before Europe—The Man Who Brings Indictment is Theodore Roosevelt.

(Charleston News and Courier.)

A singular attitude on the part of European observers towards the United States is revealed in the special cable dispatch from Trondhjem, Norway, printed in The Sunday News. Mark this paragraph:

"Americans find it a difficult task to convince seekers after information that Congress is not controlled by corrupt capitalists, and that the country at large is not lost to a keen sense of business honor. It is repeatedly retorted: 'Then President Roosevelt must have misrepresented the situation; he has traduced his country and done his people the worst damage of any inflicted by any ruler.'"

The European world stands as the prosecutor of the case at the bar of the World's Public Opinion against the United States of America.

The prosecutor presents as its single witness, Theodore Roosevelt, "The word of Caesar" stands, not against the world, but against his own Rome. If the American people are guilty, the American President has turned State's evidence against them.

It does not follow that the President's motives have been evil, nor even that he has erred; but the question is raised now, and will be raised hereafter, whether or not a discreet man, a wise man, a great man, could have set in motion the legal machinery of the Constitution and laws to punish crimes and deter their commission without producing, through every noise, a cloud-burst of filth to drench and bespatter his country's good name.

Will Theodore Roosevelt live in history as the President who befouled his nest?

Scores of Wilmington Readers Are Learning the Duty of the Kidneys.

To filter the blood is the knidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes.

Doan's Kidneys Pills cure them all.

Policeman R. E. Smith, who lives with his family at 213 Boundry street, Goldsboro, N. C., says: "I have used Doan's Kidney Pills and have been very well pleased with them. They did me so much good that we decided to try them on our little boy who seemed to be suffering from a weakness of the kidneys. He could not hold his urine and we have had to lift him out of bed several times a night or he would pass it in his sleep. Since giving him the pills we have been entirely relieved of this annoyance. My trouble was with my back. I always had a pain right across the small of it, and the secretions were dark colored and heavy with sediment. Since I used the pills my back is much stronger and does not ache at all and the urine has been cleared up to a natural condition. I certainly advise all sufferers from kidney troubles to try them."

Plenty more proof like this from Wilmington people. Call at R. R. Bellamy's drug store and ask what customers report.

THE COTTON MARKETS.

New York, June 26.—The cotton market was nervous and irregular during to-day's session with the close stady at a decline of three points to an advance of four points. Sales were estimated at 750,000 bales. The market opened steady at a decline of 2 to 5 points, which was better than due on the cables so far as the new crop months were concerned, but quickly sold off to a net decline of 5 to 8 points led by July, which touched 10.03 during the first few minutes and continued liquidation and bear pressure and reports of rains in Texas. According to official advices rains were more or less general all over the belt, but after the early decline the market steadied up on covering and at one time was about 2 to 5 points net higher. Near months were relatively steady at the close, reflecting the further sales of 11,000 bales from the local stock for consumption thus reducing the probable number of notices, and the better crop weather in the Southwest was the cause of the failure of the new crop months to hold the improvement of the middle session. The weekly crop review read bullishly as to the Southwest, but was compiled too soon to reflect the rains reported to-day and the forecast was for continued showers.

Receipts at the ports to-day 7,867 bales against 27,557 last week and 17,982 last year. For the week 29,000 bales against 31,823 last week and 75,548 last year. To-day's receipts at New Orleans 2,799 bales against 7,594 last year and at Houston 2,702 bales against 2,159 last year.

Spot cotton losed steady; middling uplands 10.80; middling gulf 11.05; sales 11,000 bales. Futures closed steady, Prices ranged as follows:

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STANDARD OIL CO. BLOCKING RATE BILL

So Some Senators Fear—Senate Sent Whole Measure Back to Conference, Insisting on Making Pipe Lines Common Carriers.

By Wire to the Morning Star.

Washington, June 26.—When the conference report on the railroad rate bill was taken up in the Senate to-day, Senator Elkins, who was one of the Senate conferees, spoke on the amendment to the commodity provision using the word "railroads" instead of the phrase "common carriers." He gave immediate attention to the contention that the change has the effect of elinating pipe lines from the requirement of the bill. He said that West Virginia is the largest oil producer in the Union, and that the greater part of the oil is sold to the pipe line owners so that the owners transport their oil and are not strictly speaking common carriers. Of these carriers, he said, the Standard Oil Company is by far the most extensive, but so far as he knew it had not given offense to the people as a transporter, whatever it might have done in the matter of the fixing of prices. He believed that if the bill should become law as it passed the Senate it would greatly embarrass the independent operators. Moreover, it would be an easy matter for the Standard Company to organize both producing and transporting companies. He declared that the effect would be to give the Standard an entire monopoly of the oil business and utterly ruin many independent operators.

Mr. Long, of Kansas, spoke at some length on the pipe line amendment and in doing so dealt with the Kansas oil legislation. That State had declared pipe lines common carriers, as a means of hitting the Standard Company, but it had not had that effect. There had been no effort in Kansas to prohibit the pipe lines fro transporting their own products, because it was known that the effort would be disastrous to the independent operators.

Senator Clay made the point that the provision does not apply to pipe line companies confined to the transportation of their own oil, but Mr. Long contended that the attempt was to make common carriers of all pipe lines.

Senator Tillman declared that the effect of the system of allowing the pipe line companies to buy and transport oil must be to inevitably establish a monopoly and is necessarily in the interest of the Standard Company.

Mr. Long said that in his own section the legislation would be especially disastrous because many of the independent refineries of Kansas are just across the line from Indian Territory, where the richest oil wells are located, making the transportation of the oil interstate commerce under the terms of the law.

Senator Bailey thought Mr. Long unduly alarmed because the pipe lines could not be considered as common carriers unless they invoke the sovereign right of eminent domain, but the Kansas Senator met the point by saying that it would remain for the Courts to say whether this is true.

Senator Clapp could not accept the

MILLIONAIRE IS MISSING.

Strange Disappearance of Wealthy Brewer From Erie.

By Wire to The Morning Star.

Pittsburg, June 26.—Five thousand dollars reward for information leading to the finding of Michael Liebel, Sr., a millionaire brewer of Erie, Pa., was announced in this city to-night. Liebel left his home on May 25 and went to Buffalo, from which place he telegraphed his family he was about to start for home.

When he did not arrive home detectives were caled into the case. Not the slightest trace was found, however, until Sunday, when a Mrs. McGowan, of Pittsburg, while on her way to her old home in Erie saw Liebel at the Pittsburg and Lake Erie depot on the south side. She did not know at the time that any search was being made for hime. Upon reaching Erie she learned of Liebel's disappearance and told several people of seeing him here. A detectiv came to Pittsburg, but so far no further trace of the missing man has been found.

TWO BODIES FOR ONE MAN.

Perplexing Dilemma of Coroner at Birmingham.

By Wire to The Morning Star.

Birmingham, Ala., June 26.—Two bodies, each of which is declared to be that of W. J. Marshall, a well-known contractor who disappeared from his home here June 4, lie in a local undertaking establishment.

S. H. Harris went to Arkansas and recovered the body, which was found in the river at Pine Bluff, Ark., and brought it here yesterday. Mr. Harris declares emphatically it is the body of Mr. Marshall. Yesterday on Red Mountain south of Birmingham another badly decomposed body was found and the description of clothing tallies so closely with that worn by Mr. Marshall at the time of his disappearance that the coroner is in a quandary.

NO ELECTION IN RALEIGH.

Board of Aldermen Decline to Submit Prohibition Issue.

(Special Star Telegram.)

Raleigh, N. C., June 26.—The Raleigh Board of Aldermen to-night declined to call an election on the question of "Dispensary" or "Prohibition." The ground for refusal is that the city attorney, W. B. Snow, reported to the Board that an examination of the Watts act shows there is no provision for an election on "Prohibition" or "Dispensary," and that the elections that could be called would be on "Saloons," "Dispensary" and "Distilleries." The law is defective in this respect, although prohibition elections have been held in a number of towns in the State under this act. Rev. S. J. Betts, who led the fight for the election by getting up the petitions, will go before some Judge within the next few days for the purpose of procuring a mandamus for the calling of the election on "Prohibition" or "Dispensary."

—This talk which comes from Washington of the possibility that ex Gov. Douglas of this State may be nominated for Vice President on the ticket with William J. Bryan, will interest the people of Massachusetts. When it was carried to the ex Governor at his Brockton home he made light of it, saying: "So far as I am concerned, or have been consulted, there is no foundation whatever for such consideration of my name. I have entertained no idea of running for Vice President, and I know of no reason why this thing should be suggested." This has interest so far as it goes, but the thing is by no means out of the question, and there are those who still believe that the ex-Governor would not be averse to such a national honor, despite his immediate disclaimer. It at least makes a pleasing subject for hot weather discussion.—Springfield Republican (Ind.).

HARRY THAW ADMITS DEED

New York in Throes of Sensation Over Shooting of Stanford White at Madison Square Roof Garden Theatre Monday Night.

CHORUS GIRL ALMOST PROSTRATED

SHE APPEARED ILL YESTERDAY AND SCARCELY ABLE TO WALK—LAWYERS RETAINED TO DEFEND MURDERER AND THEIR PLEA WILL BE EMOTIONAL INSANITY—ALIENISTS FOR PROSECUTION AND DEFENCE EXAMINE PRISONER — OCCUPIES CELL AS COMMON MURDERER.

By Wire to The Morning Star.

New York, June2 6.—Frankly admitting that he killed Stanford White, the famous architect, and pleading in justification of the deed that White had ruined the life of his wife, the beautiful chorus girl and artist's model, Florence Evelyn Nesbit, Harry Kendall Thaw, of Pittsburg, brother of the Countess of Yarmouth, occupies a cell in the tombs awaiting the action of the grand jury on a charge of murder. His counsel will offer the defense of insanity, and today the prisoner was examined by eminent alienists, retained on his behalf and by the district attorney's office. The coroner's inquest will be held on Thursday and in all probability the case will then be considered by the grand jury when the prisoner's wife will be required to appear before that body, she having been served with a subpoena today while in consultation at the office of her husband's counsel. Every effort is now being made by both sides to expedite the legal preliminaries so that the arraignment and trial may take place at the earliest possible date.

Not since the killing of James Fisk, Jr., by Edward S. Stokes on the staircase of the Grand Central Hotel more than thirty years ago, has the metropolis been shocked by so startling and dramatic a tragedy as that which was enacted last night in the presence of an audience of more than one thousand persons in the roof theatre of Madison Square Garden. Not the least dramatic feature of the tragedy is the fact that Mr. White met his death in the structure which is perhaps the most conspicuous memorial of his architectural genius.

Rarely has the case against any prisoner moved with any more rapidity than did the proceedings today which ended in Thaw's formal commitment to the Tombs. Save in this unusual and almost frenzied haste, the routine followed and the treatment accorded to Thaw, differed in no respect from that meted out to any prisoner charged with a capital offence. Roused early this morning from his cell in the West 30th Street station house, Thaw, attired in fresh clothing brought to him by his valet, was shackled in spite of his protestations to a detective, and taken in the patrol wagon to police headquarters.

After waiting his turn in the long line of petty criminals arrested during the night, he was photographed and his measurements taken on the Bertillon system. Again in the patrol wagon he was taken to the Criminal gon he was taken to the Criminal tude gathered to catch a passing glimpse of him, and was arraigned in the police court. The proceedings were of the briefest and after the bare formality of arraignment had been undergone Thaw was remanded to the custody of the coroner and on his order, committed to the Tombs to await the result of the inquest.

Throughout the proceedings Thaw showed little evidence of agitation except when the detective approached him in the station house to affix the handcuffs to his wrist. Thaw then protested vehemently, but on being assured that this was the invariable practice he submitted without further words. While leaving the station house and even in the court room he was compelled to run the gauntlet of batteries of cameras from which he shielded himself as well as he could by covering his face with his unshackled hand.

Thaw was registered at the Tombs as "Harry Thaw, born in the United States, 33 years old, student," and was assigned to cell 220 on the second tier Shortly after his arrival he was visited in his cell by Dr. Austin Flint, Dr. Carlos F. MacDonald, and Dr. Mabon, on behalf, it was said, of the District Attorney's office, and by Dr. Maguire, the Tombs physician, who was requested to make an examination of the prisoner's mental condition by counsel for the defense. Drs. MacDonald and Flint later declined to say anything but Dr. Maguire said that he believed he discovered symptoms of emotional insanity and possible indications of incipient paresis. The alienists will make a further examination of the prisoner tomorrow, Dr. Maguire meantime keeping him under observation. Dr. Maguire said that Thaw's physical conditon was almost perfect and his appetite excellent.

Lewis Delafield, who took charge of Thaw's interests immediately after his arrest, announced that the firm of Black, Olcott, Gruber & Bonynge, of which former Governor Frank S. Black is the senior partner, had been retained to conduct the defense. Mr. Delafield and former Judge W. M. K. Olcott had an interview with the prisoner in the consultation room in the prison after which Mr. Delafield declined to say anything about the case except that it was now entirely in the hands of Mr. Black and Mr. Olcott. Mr. Olcott declined to make any statement.

The whereabouts of Mrs. Thaw, who disappeared from Madison Square Garden in the confusion that followed the tragedy, remained a mystery until this afternoon, when, accompanied by a friend, Miss May McKinzie, she arrived at the offices of Delafield and Longfellow on Wall street, where she remained in consultation with counsel for several hours. While there she was served with a subpoena requiring her attendance before the grand jury on Thursday. Mrs. Thaw was clad in a plain brown automobile costume and appeared ill and nervous and apparently hardly strong enough to walk from the carriage to the door. At the lawyer's office Mrs. Thaw was joined by Mr. and Mrs. George Carnegie, said to be relatives of her husband.

Mrs. Thaw was not seen to leave the building, which was closely watched by reporters, and late in the afternoon it was learned that she and Miss McKinzie had left the lawyer's offices on the 13th floor, crossed the roofs and two adjacent buildings and entered a window of the City National Bank building in front of which a carriage was waiting for them. Mr. Delafield declined to make any statement on behalf of Mrs. Thaw except to say that she would not be spirited away and would respond to any summons of the authorities.

Assistant District Attorney Nott, who has charge of the prosecution, said tonight that all the witnesses at the inquest and before the grand jury would first be examined by him but intimated that Mrs. Thaw's presence at the inquest would not be required. It was understood that this course was decided upon in view of the fact that Mrs. Thaw could stand upon her right as a wife to refuse to testify against her husband. She will, however, be required to appear before the grand jury.

The District Attorney's office is busily engaged in looking up Thaw's antecedents, his mode of living, reported dissipations and indulgencies, with a view to analyzing their bearing on his mental condition. On this point Mr. Nott said today:

"Thaw is not insane now, nor was he insane at the time he shot White."

PORK BARREL BILL RUSHED THROUGH HQUSE

It Appropriates $21,000,000 for Public Buildings, Includiag the Provisions for Ten Cities in North Carolina—Congressmen Got Funny

By Wire to The Morning Star.

Washington, June 26.—The "pork barrel," as the so-called omnibus public building bill is generally called, was rolled into the House to-day by Mr. Dalzell, of Pennsylvania, who reported a broad and comprehensive rule for its consideration.

Mr. Bartholdt, of Missouri, chairman of the Committee on Public Building and Grounds, said the bill represented the painstaking, intelligent labor of many months. He said that more than five hundred bills carrying upwards of $60,000,000 had been referred to the committee and each of these bills was considered on its merits. Out of this mass of public building bills has come the present Omnibus building bill which carries in round numbers $21,000,000.

"The claims of all the country have been impartially considered, said Mr. Bartholdt, "and this comprehensive bill is a result of the months of earnest work spent upon its preparation."

Mr. Fitzgerald, of New York, in a semi-serious way but with considerable feeling said that it was futile to delay or defeat the passage of the bill.

Mr. Fitzgerald likened the House to a school just closing and following the universal practice throughout the country, at commencement time, "this great school is about to distribute its premiums," he said.

"This bill," Mr. Fitzgerald said, "illustrates, as well as anything I have ever seen, the truth of the statement of the coercive power of plunder. I know, Mr. Speaker, that there is no power in heaven or on earth that will stop the passage of this bill," remarked Mr. Fitzgerald, which statement was greeted with applause. "I have no desire to stop it; I would not deprive so many members of the pleasure they anticipate, but I think it proper to protest against a method of legislation which prevents the members of this House from exercising their rights as members, and giving to those items in which they are particularly interested the same scrutiny and the same watchful care that has been given to other items in appropriation bills in which their districts are not interested. Now, inasmuch as I have had an opportunity simply to express my condemnation of this method of appropriating great sums for any public purpose, I am content. I know it is futile. The unanimity, not to say the enthusiasm with which this bill has been brought into the House and is being urged to its passage, is the best evidence that the committee has at least, in the distribution of the money, been enabled to please a great majority of the House." (Prolonged applause.)

The bill was then put upon its passage, and amid loud applause the Speaker, in an hour from the time the rule was reported, announced that the seal of the House has been put upon the measure and it was started on its way to the other side of the capitol.

ICE MEN HELD FAST IN JAIL.

Toledo Now Gets Ice One Hundred Per Cent Cheaper.

By Wire to The Morning Star.

Toledo, O., June 26.—The managers of the five ice companies yesterday sentenced to pay a fine of $5,000 each and to serve one year in the workhouse, are locked up in the county jail. The men were not locked in the cells last night, but were confined in that part of the jail occupied by the sheriff. Their meals are sent into them and they are not permitted to leave the building.

The fact that all but one plead guilty, makes it impossible for them to get out on bond or an appeal. The local price of iec, which was increased 75 to 100 per cent. by the combine, has dropped from thirty to forty per cent.

The ice companies' managers and their attorneys have so far failed to hit upon any plan by which the convicted men could escape the workhouse sentence and they are awaiting the papers committing them to the workhouse.

An effort was made to meet Judge Kincade's suggestion of restitution to consumers for overcharges. As the five companies practically covered the city and their patrons number thousands, it was found difficult to arrange a scheme by which overcharges can be repaid and thus secure a commutation and sentence. The best legal talent in the State is employed to relieve the managers from their serious predicament.

A Chattanooga dispatch says: State troops from Tennessee, Georgia, Alabama, Kentucky, North Carolina and Mississippi will participate in the Maneuvres at Chickamauga Park next month. General John W. Budd, of the regular army, will command the encampment. Each regiment will remain in camp about two weeks. Sites for the camps are being located.

BRYAN'S RECEPTION IN GOTHAM

Committee Appointed to Extend Invitations All Over Country.

By Wire to The Morning Star.

New York, June 26.—In pursuit of resolutions adopted at a meeting of the Commercial Travellers' Anti-Trust League, held on June 11, 1906, William Hogue, head of the league, announced to-day the appointment of the following committee on plan and scope for the Bryan reception:

Tom L. Johnson, Ohio; Francis Burton Harrison, Bird S. Coler, Augustus Thomas, Lewis Nixon, New York; Alexander Troup, Connecticut; A. H. Eastman and John H. O'Brien.

This committee will invite all the Democratic members of Congress, the chairmen of the Democratic State committees of various States; the mayors of the Democratic cities of the country, and the editors of Democratic newspapers to serve upon a reception committee of which Governor Folk, of Missouri, will be the chairman. Augustus Thomas will welcome Mr. Bryan upon behalf of the league.

NEGRO BURGLAR KILLED

Shot Dead Entering Residence at Danville, Va.

By Wire to The Morning Star.

Danville, Va., June 26.—An unknown negro was shot and instantly killed late last night while attempting to enter the home of Mr. R. E. Morris, a detective for the Southern Express company. The negro had raised a window to a room occupied by Mrs. Morris and her daughter, aged eighteen years, when discovered by Morris, who was in the room directly above that of his wife. Some hours after the killing a negro giving his name as Monroe Richardson was arrested on the charge of being an accomplice of the dead man.

PRESIDENT ROOSEVELT TO EMPEROR OF JAPAN

Sends Cordial Greetings Upon Completion of American Cable from Guam to Japan—Matsuhito Returns Friendly Sentiments.

By Wire to The Morning Star.

Washington, June 26.—Cordial Cordial greetings have been exchanged between President Roosevelt and Mutsuhito, the Emperor of Japan, over the American cable connecting the Island of Guam and Japan, which recently was completed. The President's message, expressing the good will of the American people and himself, was sent yesterday and the Emperor's reply reached Washington to-day. The President's message was as follows:

"His Majesty, the Emperor of Japan, Tokio.

"I am glad to send to Your Majesty over the American cable, which has just been completed between Guam and Japan, and thus unites our two countries across the Pacific, a message of sincere good will, and the assurance of the earnest wishes of the government and people of the United States for the prosperity of Your Majesty's empire.

"THEODORE ROOSEVELT."

The Emperor's reply:

"Tokio, June 26, 1906.

"The President, Washington.

"I have just received with great interest and appreciation the kind message sent by you over the cable which has recently been laid between Guam and Japan and which will shortly be open to the public. I am highly gratified to know that the first telegram by this new line which unites our two countries should convey to me the assurances of the friendly sentiments of the government and people of the United States for myself and my people. I most cordially reciprocate your expressions of good will and good wishes.

(Signed) "MUTSUHITO."

PULAJANE LEADERS HAVE SURRENDERED

Members of Band and Army Also Given Up to Constabulary in Philippines—Deserted Army to Become Rebels.

By Cable to The Morning Star.

Manila, June 26.—The Pulajane leaders, Quientin and Adva, have surrendered to Governor Osmena and the constabulary. These were the last of the men arrayed against the Americans on the Island of Cebu. The rifles and ammunition of the members of their band were also surrendered.

Washington, June 26.—The two leaders, Quientin and Adva, have made trouble in Cebu for several years. At one time they took the oath of allegiance and were employed by the American army as guides, but they proved so untrustworthy that no dependence could be placed in them. Commands were offered them by the insurrectionists and the two leaders violated their oaths and joined the enemies of the government.

BIG JEWELRY ROBBERY FROM THE THAW HOME

Another Sensation Concerning Family of Harry Thaw Held for Murder Because of Jealousy of Pretty Chorus Girl Wife.

By Wire to The Morning Star.

Pittsburg, June 26.—Following closely upon the sensational shooting of Stanford White by Harry Thaw, in New York last night comes the disclosure of still another incident that brings the Pittsburg family into public notice, and that was divulged tonight while information was being sought as to the presence of the various members of the Thaw family. A $60,000 jewelry robbery from the Thaw home on the Beechwood Boulevard, one of the most fashionable residence districts of the city, is the story and its disclosure was made through a "leak" dropped by one very close to the family. The exact time of the robbery is not known, but it occurred while the Thaw family was in the city, and although the police and detectives forces of the city were immediately notified the matter has been kept under cover until the present time.

The jewels are said to be some of rare value gathered by Mrs. William Thaw in her travels and include strings of pearls, diamonds of rare value and perfect color, and silver plate that was convenient for the robbers to take away.

"The loss of this property is one of the last of the many sensational epochs that have marked the history of Lyndhurst. Mrs. Thaw when she left for Europe last week did so with the intention of never returning to that house again. A new and smaller home is being constructed and was to have been ready for occupancy upon her return from the visit to the Earl and Countess of Yarmouth.
